WHO WE ARE

- Race Communications has been installing fiber internet since 2001.
- We serve 30+ communities throughout California.
- Race is the first residential ISP to offer 10 Gbps fiber internet.
- We're California based, with local customer service in Tehachapi, Yuba City, and more.

ABOUT TULARE

www.race.com

HUSKY

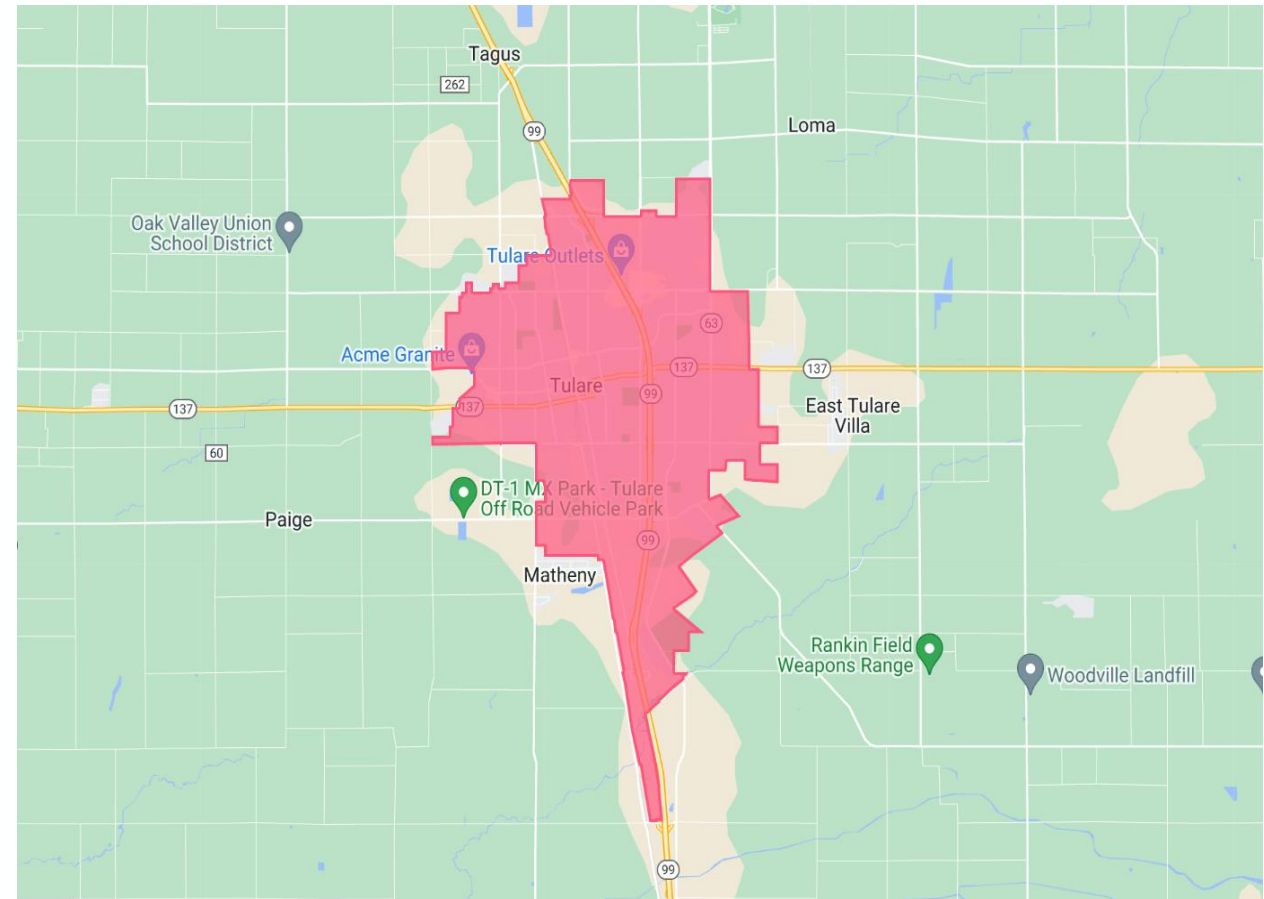

TULARE PROJECT

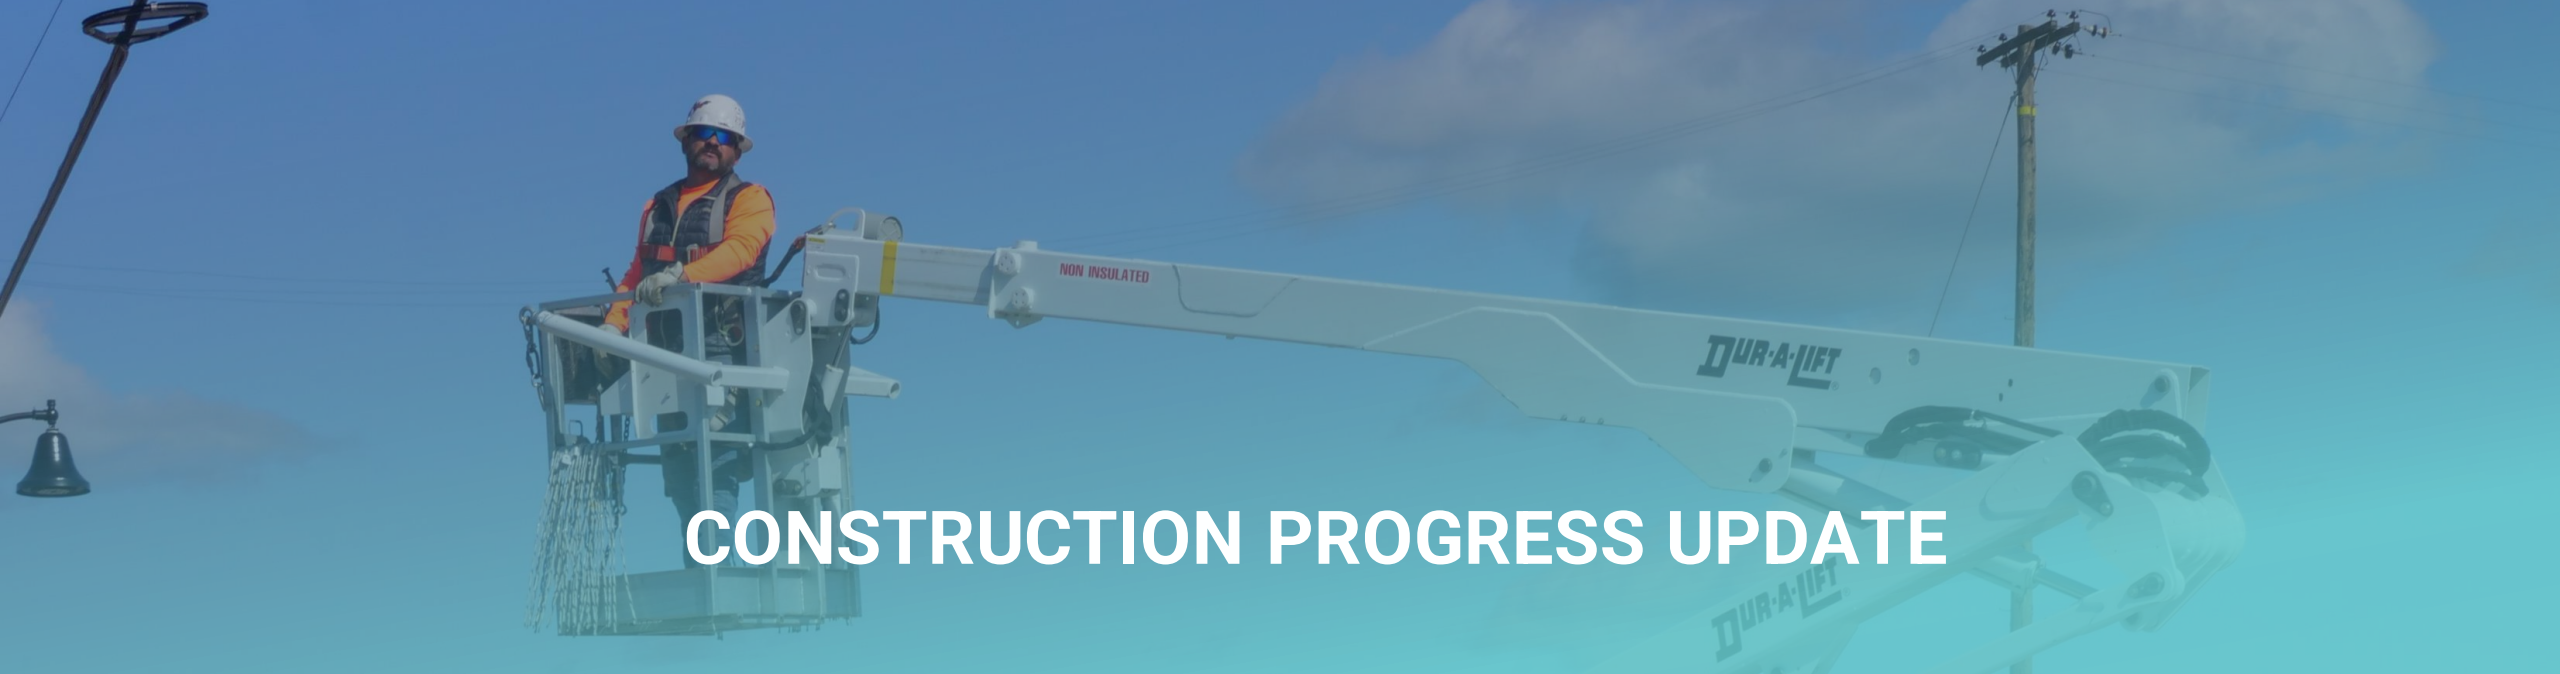

- Services to be available to over 22,000 homes.
- Our total miles of fiber for Tulare is 275.

RACE BENEFITS TULARE

- First residential 10 Gbps fiber internet providers in California.
- Increases home value up to 2.8% homes with Fiber Internet.
- Expanded remote employment & education opportunities for residents with advances in technology.

INITIAL COVERAGE AREA

CONSTRUCTION PROGRESS UPDATE

- In 2023 we began construction, laying and splicing miles of fiber cables.
- The Tulare build consists of 14 sections.
- Section 1 and 2 have aerial and underground construction underway.

For Help: Call (877) 722-3833 | You can also fill out the construction form on our website at: info.race.com/construction-assistance

CONSTRUCTION ACTIVITIES

USA Markings:

- You may see paint markings on streets, sidewalks, driveways, and flags in the utility easements on your property, including grass and planter areas.
- These temporary markings help ensure that our construction teams avoid any potential conflicts with existing infrastructure.

Aerial and Underground Construction:

- Our construction work will include both aerial (on utility poles) and underground installations.
- This dual approach allows us to provide service to more residents.

Utility Easements:

- During construction we'll need to place utility boxes in the utility easements.
- As a public utility, Race has the right to access the public utility easement on your property.

A person is seen from behind, wearing a dark grey baseball cap with the "Dace communications" logo in blue and white. They are wearing a headset with a microphone. They are sitting at a desk with multiple computer monitors. The left monitor shows a data table with columns for "NAME", "STATUS", "LAST LOGGED IN", "LAST LOGGED OUT", "LAST LOGGED IN", "LAST LOGGED OUT", "LAST LOGGED IN", "LAST LOGGED OUT", "LAST LOGGED IN", "LAST LOGGED OUT". The middle monitor shows a "Support" page with a "CR" icon. The right monitor shows an "Insights" page with a "1,827 Active" count and a "Recent Subscribers" table with columns for "Name", "Email Address", "Phone No.", and "Last Contact". The desk also has a laptop, a keyboard, a blue water bottle, a white spray can, and several yellow sticky notes on the cubicle wall.
